RECOGNITION PROGRAMS - Community Service Awards

Club/Condo memberships, Industry, education, and civic organizations realize that by recognizing today's performance, we can motivate people to higher levels of performance tomorrow. Achievement, merit, longevity, participation: all can be reasons for a recognition award. Diploma's, citations, and certificates can be custom made to fit the specific award. The award does more than just say thanks for "a job well done". It adds impact, credibility, prestige, and permanence to your special recognition programs.

PROMOTION ACTIVITIES

Retailing statistics indicate merchants use sixteen billion coupons annually. This use is proof of the power of a coupon in sales promotion activities. They not only command attention, but they usually will be read before being thrown away. Bonus or cash coupons, gift certificates, and special purchasing offers are things we all respond to.

FINANCIAL AND LEGAL DOCUMENTS

Lawyers, bankers, government officials, and church groups use the Goes product line for the official looking documents. A corporate record book, plus the necessary minute book and related business and stockholder forms serve the lawyer. Bankers use an endless supply of notes, receipts, warrants, drafts, bonds, and debentures. Government, church groups and professional organizations have a need for a variety of licenses, permits, and certificates. All combine the quality and craftsmanship of a Goes product with a custom imprint to fit your specific needs. Corporation, Clubs and LLC use documents to confirm ownership interest and to authorize use of privileges.
