Logos: If you are submitting a logo be aware that faxed logos may not reproduce clearly. If you email logos, please be sure to include your name and order number, if possible. Logos should be at least 300 dpi and in tif, bmp, or eps format. Files with lower resolutions, or from the internet, will not reproduce appropriately for printing. Please specify placement and if logo is to be screened in the background.

Signatures: You can have signatures pre-printed on your certificates. Faxed signatures do not reproduce well. Mail signatures in black ink on unlined paper or e-mail 300 dpi files.

Style A10

Try adding any or all of these Custom Certificate options:

LINE INSERTS: Add individual names to your awards. (Inserted text is printed in flat, black ink only.)

FOIL SEALS: A great way to add that special touch, the embossed seals on page 12 come with self-adhesive backing for easy application.

BORDER SELECTION: Choose any of the pre-printed Borders or Borderless Papers on pages 15, 16, & 17 to get just the look you want.

LOGOS: Make a big impact by printing or foil stamping your custom logo.

SIGNATURES: Pre-printed signatures save time and look impressive.
